AI & Emerging Workflows: Generative AI Integration, Prompt Engineering, AI-Assisted Data Analysis & Productivity Workflows

Languages & Tools: English, Hindi, Marwari | Graphic & Media Tools (Canva, Photoshop)

PROFESSIONAL EXPERIENCE

Senior Business Data Analyst | TWBP International Pvt. Ltd.

Noida, UP, India | Mar 2026 – Present

Multi-brand e-commerce marketplace seller operating across Amazon, Flipkart, 10+ warehouses, and major consumer brands (Black+Decker, Luminous, Microtek, Livpure, Daewoo, Haier, Sujata, Kaff, Ledvance, Haier).

- **Lead Daily Sales & Sell-Out Reporting:** Consolidate channel-, brand- and business-wise marketplace data across Amazon and Flipkart into standardized Daily Reconciliation Reports (DRR), Daily Sales Reports and YTD performance reporting.
- **Drive Multi-Source Data Reconciliation:** Reconcile marketplace, WMS, SKU Master and Dispatch Tracker datasets across EasyEcom and Unicommerce to maintain accurate SKU, brand, warehouse and transaction mapping.
- **Build Inventory Analytics & PSI Reporting:** Develop brand-, category- and warehouse-wise stock views combining physical inventory across Categories A–E with derived operational stock to support available-stock, ageing and PSI analysis across 10 regional warehouses.
- **Streamline Fragmented Reporting Workflows:** Combine approximately 18 disparate source files into structured reporting outputs, applying repeatable Excel and Power Query transformation workflows across marketplace and operational datasets.
- **Strengthen Data Quality & Exception Controls:** Apply validation routines to identify duplicates, reconcile return and dispatch discrepancies, and resolve master-data and mapping exceptions before final reporting.

Senior Data Analyst | BlitzPoker

Mumbai, MH, India (Remote) | Sep 2022 – Aug 2025

Online gaming platform focused on user engagement, monetization trends, and real-time operational data modeling.

- **Architect Business Intelligence Dashboards:** Built 12+ automated Excel and Power Query dashboards across high-volume datasets exceeding 10M+ records (5GB+), supporting recurring business reporting and analysis.
- **Translate Behavioral Data into Business Insights:** Analyzed user engagement, player retention, revenue trends and monetization data to provide cross-functional teams with actionable analytical insights.
- **Accelerate Operational Monitoring:** Configured and deployed the SM Panel analytics monitoring system within two weeks, enabling timely visibility into player activity and operational metrics.
- **Deliver Executive Reporting:** Designed structured Power BI and Excel reporting frameworks to present cross-functional metrics and analytical findings to leadership and operational teams.

Data Analyst (SAP B1) | Century Polyplast Industries Pvt. Ltd.

Patna, BR, India | Apr 2020 – Jul 2022

Plastic furniture manufacturing company operating across 4 manufacturing units, branch networks, and a dealer distribution network.

- **Integrate ERP & Business Reporting:** Implemented SAP HANA Business One data models mapped with Tally ERP and Busy Software to support finance, sales, production and inventory reporting across 4 manufacturing branches.
- **Develop Dealer & Distributor Analytics:** Built standardized query routines and tracking frameworks supporting a network of 1,000+ dealers and distributors using Tracto App data integration.
- **Analyze Manufacturing & Cost Drivers:** Analyzed raw-material consumption, rejection rates, discoloration and by-product utilization to support production and cost-management initiatives.
- **Build Internal Analytics Capability:** Trained 11 team members on advanced Excel data modeling, Power Pivot visualization and basic SAP Query generation to strengthen internal reporting capabilities.

Sales Support Executive | Century Polyplast Industries Pvt. Ltd.

Patna, BR, India | Jul 2017 – Jul 2018

- **Centralize Regional Sales Reporting:** Coordinated sales data collection and reporting for 300+ field sales team members and dealers across Bihar and Uttar Pradesh.
- **Build Customer Status Reporting:** Developed Power Pivot reporting models to track customer engagement, order frequency and dealer-level sales performance.
